

## News release from Vestas-American Wind Technology

Portland, September 13, 2023

### Vestas secures 243 MW order for V163-4.5 MW™ in the USA

Vestas has received a 243 MW order to power an undisclosed wind project owned by RWE Clean Energy, LLC, in the USA. The order consists of 54 V163-4.5 MW™ wind turbines – Vestas newest onshore wind turbine.

The orders include supply, delivery, and commissioning of the turbines, as well as a multi-year Active Output Management 5000 (AOM 5000) service agreement, designed to ensure optimised performance of the asset.

*“RWE is a company with which we share a common vision for the clean energy transition and we’re proud to be able to supply them with our newest turbine to the U.S. market,”* said Laura Beane, President of Vestas North America. *“The V163-4.5 MW turbine represents a portfolio of turbines delivering flexible and highly efficient wind energy solutions to power the energy transition.”*

Turbine delivery begins in the second quarter of 2024 with commissioning scheduled for the fourth quarter of 2024.

#### About Vestas

Vestas is the energy industry’s global partner on sustainable energy solutions. We design, manufacture, install, and service onshore and offshore wind turbines across the globe, and with more than 169 GW of wind turbines in 88 countries, we have installed more wind power than anyone else. Through our industry-leading smart data capabilities and unparalleled more than 149 GW of wind turbines under service, we use data to interpret, forecast, and exploit wind resources and deliver best-in-class wind power solutions. Together with our customers, Vestas’ more than 29,000 employees are bringing the world sustainable energy solutions to power a bright future.
